Dear Sir,

Amendment A

The standing claims are reproduced below as an aid in prosecution. None of the claims have been amended, as all are patentable to the applicant as they stand.

1. In an object-oriented programming interface for use by a programmer in a computer readable medium, a software Interactive Media Viewer (IMV) module, comprising:

a code set adapted to access and render media code from multimedia files stored in a data repository; and

an editable layer allowing the programmer to program selective control of access by the IMV to the multimedia files.
